International Conference for  
YOUNG Marine Researchers

UNIVERSITY OF BREMEN

GERMANY | 16–20 September 2024

CALL FOR SESSIONS  
ICYMARE 2024 BREMEN | 16–20 SEPTEMBER 2024

## FRIENDS OF THE MARINE ENVIRONMENT

The International Conference for YOUNG Marine Researchers ICYMARE is calling for Sessions!

After a successful conference this year in Oldenburg, we are happily looking forward to meeting you again next year in Bremen, where ICYMARE began! ICYMARE 2024 BREMEN will be taking place from the **16th to the 22nd of September at the University of Bremen in Germany.**

We warmly invite you as an advanced (Master or PhD) student specializing in marine research to apply and share your expertise by proposing an ICYMARE topical session. We are open to all scientific disciplines related to the marine realm, bridging science and society.

To ensure every host is aware of all relevant information and is empowered to accomplish all tasks prior, during and after the conference, ICYMARE will again offer a mandatory workshop for all session hosts. During this workshop you will be introduced to or updated on all relevant tasks, such as abstract handling using our conference tool, or professional session moderation at ICYMARE 2024 BREMEN. Please indicate your availability to participate in our host workshop when applying via our conference tool for either of the three proposed dates: February 05 - 8:00 PM (CET), February 07 - 3:00 PM (CET) or February 09 - 10:00 AM (CET)

This workshop has proven a beneficial training for all of us to allow for a professional conference organized by and for early career researchers from all over the world! Of course, we will provide a certificate of workshop attendance for all session hosts! As an additional benefit, session hosts and one invited speaker for your session won't have to pay the conference fee!

Does that sound like an exciting opportunity for you? Perfect! Please apply with your own session (alone or as a team of two) until the **31st of January 2024** by submitting the following information and documents to [our conference tool](#):

1. A letter of motivation of max. one page (in PDF format) showing your experience on the proposed topic and why you want to become a session host, uploaded in our conference tool
2. Your most recent CV in PDF format.

Full of enthusiasm and curiosity, we are looking forward to your applications!
